Persian Army Action
by Don Albert

How to Attach Props
<><><><><><><><>
The following PARAMETER DIAL values are settings for the Persian Army Action smart props.
The outfits and weapons used are from the Malis/Lourdes Hoplite Pack for M3, Hoplite Expansion Pack, and the Persian Army sets at DAZ. Other props and clothing will work with these Genesis figure poses. See the promo image for examples. This process only takes a minute or so and is quicker than doing it yourself.

1. Load and clothe the Genesis PersianArmy figure. Apply the Loader Pose to the figure for a specific prop.

2. Set the right or left hand as the Parent of the prop. Right hands for weapons, left hands for shields.

The Persian bow is attached to the left hand. The arrow is attached to the Bow as its Parent.
Attaching the arrow to bow allows for easier shooting simulations (than if attached to the right hand).

3. Dial in the 3 Translation values and the 3 Rotation values. The props will snap into place and follow the actions of all poses for that prop.

4. Some props will re-scale when attached to a Parent. Be sure all props are set or re-set at 100% scaling.

5. Hand poses are included for each weapon and shield prop. It is thus easy to change weapons between specific weapon poses.
For example, delete or hide the spear in a spear thrusting pose. Apply the sword-hand pose, then load the sword and dial it into place. You can also use similar props from other sources. Hand pose adjustments may be necessary for other props.

PERSIAN SPEAR - Right Hand
  Thrusting

Trans:		Rotation:	
X	29.40	X	-29.50
Y	1.00	Y	-9.40
Z	30.00	Z	-91.00

Persian SPEAR - Right Hand
  Throwing

Trans:		Rotation:	
X	3.75	X	-29.5
Y	1.00	Y	-9.40
Z	30.00	Z	-91.0

PERSIAN SHIELD - Left Hand

Trans:		Rotation:	
X	-8.25	X	21.70
Y	-7.00	Y	-2.00
Z	0.60	Z	-66.88

PERSIAN BOW - Left Hand
  Draw 92%

Trans:		Rotation:	
X	147.20	X	-16.35
Y	-4.90	Y	17.25
Z	2.00	Z	-160.80

PERSIAN ARROW - Persian Bow

Trans:		Rotation:	
X	66.50	X	5.10
Y	-4.70	Y	-16.8
Z	-16.80	Z	1.00

PERSIAN SWORD - Right Hand

Trans:		Rotation:	
X	-52.10	X	-305.40
Y	33.50	Y	166.70
Z	16.40	Z	110.60

PERSIAN AXE - Right Hand

Trans:		Rotation:	
X	20.60	X	-10.65
Y	-1.00	Y	28.70
Z	2.00	Z	-6.00
