These files are free to use in personal and commercial artwork.
Credit is optional but always appreciated ;)

On the note of WAREZ: Sharing copies of our products is illegal.
When you buy our products from the store, you are buying a license
to use the item yourself only. Please read product license
or "end user license agreement" (EULA) for complete details.

***** We content makers would really appreciate if you, our genuine
supporters, would help educate your acquaintances, friends and family
to NOT redistribute illegal copies of our products. There are many
people who "share" and download warez and they are not aware how
much this hurts our income and hence our ability to keep making
these items. These items are digital and intangible so some may
feel they are "sharing" with no harm done. These items take time
to make and it cost us money and many years to gain the skills to
create them. Hence the lower income does in fact hurt us for real.
Some people think they are just one person sharing just one file,
just this one time, but they are actually enabling more and more
people to illegally download our products by making it easier and
easier every day. Whatever the reason, the result is hurtful.
Please help us and tell these people: please don't steal from us.

I thank you in advance if you would report any illegal
share links to abuse@daz3d.com or email me personally.
